## **7. Why travel with Best Slovakia Tours?**

Best Slovakia Tours keeps the Slovak Ancestry Tour group small (group of 16-22 people) so that you can experience all that Slovakia has to offer at your pace, on a more personal scale than a larger tour focused on crowded tourist sites and large cities. Traveling in a small luxury bus Mercedes Benz Sprinter 20-seater or larger luxury bus Setra 50-seater, you'll explore the cities, but also small towns and countryside to piece together the unique history and culture that makes Slovakia such a charming blend of old and new.

Whether this is your first trip to Slovakia or you've been before, Best Slovakia Tours will make it easy for you to relax and enjoy the picturesque, ever-changing landscapes, and experience the traditions and contemporary culture, up close and personal. Rediscover the food, customs and some of the language you lived as a child. Learn about traditional music and crafts. Travel high into the mountains on gondola or foot. Reflect on the architectural and cultural remnants of the Soviet era. Meet the people as they work to make Slovakia a vital part of the European Union.

Also, because of the size of the group, Best Slovakia Tours will be able to give you individualized service before, during and after the tour.

We'll help you find resources to find your relatives and ancestral villages, and do her best to help Best Slovakia Tours tailor the tour to your interests. We're passionate about Slovakia, and we love that we always learn and discover something new through your interests and your eyes.
